

INVITATION

SIFE Sport is for everyone – Rolling sport conference International conference series and demonstration tour for the development of sport opportunities without borders!

We are collaborating with Slovakian, Romanian, Czech and Austrian partners to organise an international conference series and a demonstration tour for the development of sport opportunities without borders. The project is supported by the European Union through an Erasmus+ Sport funding.

Let's come together!

The project aims to make it easier for people living with physical, economic or mental obstacles to participate in sport opportunities. We do not hope to solve these issues at once, but by disseminating best practices, showing alternative solutions during the demonstration tour between Vienna and Budapest and 4 conferences held in Vienna, Bratislava, Győr and Budapest, **we can effectively promote accessibility of barrier-free sporting opportunities.**

Program of the rolling exhibition and conferences

The project is a 10-day demonstrational tandem tour along the route of Vienna-Bratislava-Győr-Budapest, with conferences and exhibitions in each of these cities.

Arrival day	19 June	Vienna (A)
Conference day	20 June	Vienna (A)
Tour day	21 June	Vienna (A) - Bratislava (Sk)
